

MARCH 2009

Dyersburg City News

Vol. 4 Issue 3

Dyer Co 911 Assists Hickman, KY

As you already know during last week's ice storm brought loss of power, telephone service and water and sewer services to several of our neighbors in TN, MO. and KY. What you may not know is the Dyer County 911 Board was contacted and asked to help in Hickman, KY. During the 911 Board meeting, Mark Grant, Dyersburg 911 Public Safety Communications Manager, was contacted by Tennessee Emergency Management Association (TEMA) and asked if we could help in response to a request from Kentucky Emergency Management Association (KEMA). Hickman, KY. had no power, water, sewer or phone service and needed the use of the 911's Mobile Center as an advanced deployment. Mark Grant, Captain Rusty Hilliard- Dyersburg Fire Dept., Captain Jim Richards-Newbern Police Department, and West Tennessee Communications Support Staff of Chuck Asa and Rich Summers answered the call and were able to provide internet and telephone service to the communication sites and enabled their center to be operational.

MAYOR'S OFFICE

I received a letter from Mayor Denny Johnson of Ridgely, Tn. last week to thank the City of Dyersburg for our generosity and unselfish act of kindness during their time of crisis. I also received a call from Mayor Danny Cook of Tiptonville also thanking us for our assistance. As you are aware, our city, thru the efforts of the Street Department, assisted each of these towns in cleaning up after the ice storm that occurred at the end of January. I appreciate our city associates who assisted these communities in their time of need.

Recently I received an e-mail from Robert Hendrix complimenting the efforts of Mike Kesterson. Apparently Robert had a water leak and the plumber was unable to locate it in the yard. Robert called the water department and Mike shows up and was able to locate the leak. Mike also shared with Robert how to fix the leak. Robert stated "In just a few hours and for about \$8.00 I had the leak fixed. If Mike had not been knowledgeable, courteous, and helpful I could have spent thousands of dollars on unnecessary bills. Just wanted you to know about a city employee going above and beyond." Thank you Mike for assisting one of our citizens. I appreciate your efforts in helping Robert.

We are planning our Great American Cleanup event. The date has been scheduled for April 25th and will begin at Okeena Park. There is a planning meeting scheduled for March 11th at city hall. Please let me know if you are interested in participating in this. Ersley McLemore is the coordinator for this year's event.

Budget time is right around the corner, please begin preparations for this. Steve will soon be distributing budget sheets to each department head. We will conduct meetings at City Hall as we have in the past.

Continue to remember our National Guard unit as they serving in the Middle East.

Thanks again for all that you do for our city. Stay safe and please let me know if ever I can be of any assistance to you.

Mayor Holden

Neighborhood Spring Clean

ATTENTION ALL CITY RESIDENTS!

City of Dyersburg's annual Neighborhood Spring Clean event will begin April 1st and run through April 30th.

This is the time to prepare for spring cleaning your house, attic, garage, shed, etc. and put items you no longer want on the curb for pick up by the Street Dept. It is important to remember that electronics, including TVs, computers, printers, microwave ovens, etc. are no longer acceptable items to put on the curb as they are considered hazardous waste. These items may be taken to Daniel Cobb's office on Pioneer Rd. Tires, free flowing liquids, batteries, automotive products, lawn and garden products, chemicals, gas or propane containers, paint, varnish, sealers, thinners, strippers and adhesives are also considered hazardous and must be properly contained and stored for a hazardous waste pick up event. If you have questionable items you may call Public Works for more information.

Street Dept. crews will collect your items during your regularly scheduled curbside pick up. You may call Public Works at 286-7630 or visit www.dyersburgtn.gov to get your scheduled dates. Please be prepared and adhere to these dates.

DYERSBURG PARKS AND REC

The Dyersburg Activity Center is registering now through March 16 for Girls softball ages 6-18. There is a \$10.00 registration fee. Must register every year. Also, **our weight and fitness room is free to all city employees** so come out and take advantage of this service. Any new program anyone is interested in please let Andy Baker know at 288-2562. We are always interested in starting new programs so please let us hear from you!!

Safety Committee

If you have any safety concerns, questions or ideas that you would like to discuss, you may schedule time to speak with your department head or with one of the committee members which include:

- Keith Burns—Chairperson (Fire Dept.)
 - Tiffany Parker—Secretary (Water Plant)
 - Sue Teague (Human Resources)
 - Conell King (Waste Water Plant)
 - Kerry Owens (Street Dept)
 - Michael Hunter (Gas Dept)
 - Mike Kesterson (Water/Sewer)
 - Kevin Joslin (Codes)
 - Greg Williams (City Hall)
 - Rickie Tidwell (Police)
 - Lloyd Stewart (Parks & Rec)
 - Kenneth Moody (Solid Waste)
- THINK SAFETY!**

Think You Have a Gas Leak?

Call:

288-7604 from: 8:30 – 5:00

After Hours and Weekends:

285-1212

DYERSBURG GAS SYSTEM

Our Thoughts and Prayers are with:

*Mike Goff—WWTP and family
and the family of Evelyn Pritchett.*

and

*Ronnie Collins – Fire Dept. and family
and the family of Frank Roark*

DYERSBURG FIRE PREVENTION

Here are some Fire safety Tips on the use of Multi plug adaptors and checking for damaged equipment.

ELECTRICAL FIRE SAFETY

Avoid the following improper and hazardous practices:

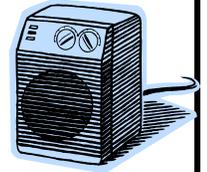

- Never use a three pronged plug: in a two pronged adapter or plug.

- Never use damaged or frayed electrical cords for any amount of time.

- Use only UL approved space heaters in proper manner. (if allowed in your work place).

- Never daisy chain or piggy back multi-plug strips and electrical cords (plugging strips and cords into each other).

MS

Fill 'er up!

After a long delay due to the winter ice storm, the Public Works Mechanics Shop finally received a new gas pump. After many years of service and a history of problems of late, the old pump was removed and the new pump was installed.

Now, if they could just keep driver's from driving off with the pump handle in the car's tank!

FULL TIME STUDENT DEPENDENTS

Please be reminded that any employees with dependent children (age 19 – 24) who are college students need to bring proof of full-time student status in order to continue to be covered on our medical insurance plan.

Students should ask the administrative office at their school to give them a letter indicating that they are enrolled as a full-time student. Most schools have form letters they can issue. This letter will be required at the beginning of each semester for which the student registers. Turn this letter in to the Human Resources Office so we can fax it to the insurance company in order to avoid the student's coverage from being terminated and having claims denied. Each time the letter is turned in will extend the coverage thru the end of the current semester, then coverage will be terminated unless a new letter is turned in.

If the student registers at the end of one semester for the next semester, that would be a good time to obtain the letter; therefore eliminating the headaches associated with termination of coverage.

If you have questions regarding this procedure, please call Sue Teague in the Human Resources Department at 288-7607.

ST

Water Treatment Plants

Recent media reports about the detection of medications and personal care products in drinking water have raised concern. Hopefully, the information below will answer some of your questions.

How do these chemicals get into our water?

When we take medications not all of it is used by our bodies—the remainder is excreted and ends up in the wastewater system. This is also the same for soap, shampoo, colognes, residue from lotion, etc. when we shower it all goes to waste.

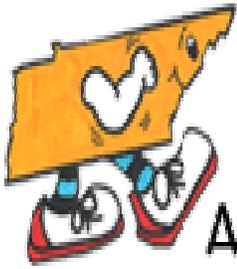

Is it a threat to public health?

The amount of these chemicals that has been detected in water is measured in part per trillion, this is equal to a teaspoon of the chemical in a Olympic size swimming pool. Trace amounts of these chemicals have been present in water for many years. Only recently we have improved our ability to detect these chemicals in water. If a contaminant can be detected, does it pose a health risk? There is no evidence that at such a minute concentration that these chemicals pose any health threat to consumers. The City of Dyersburg's water comes from wells about 950 feet deep. The soil that the water travels through filters out a lot of contaminates. This has not been an issue for the City of Dyersburg's water.

How do we dispose of drugs safely?

Where it is available, take your unwanted medications to a local collection site. Dyer County usually has a house hold hazardous waste collection day. You can also check with your pharmacist, recycling coordinator , or local health department to find out if there is a drug take back program in your area.

PARKS AND RECREATION NEWSWIRE

Walk Across Tennessee

A FUN AND FITNESS PROGRAM FOR ALL AGES

Walk Across Tennessee Fitness Challenge Competition begins March 9th. Gather a team of 8 friends to form a team. Report the miles you walk each week to your team captain. Each team's miles will be "mapped" so you can see your progress. For more info you can visit the W.A.T website at eteamz.com/walkacrosstennessee. Register your team at the Dyersburg Activity Center, YMCA, First Methodist Church, UT Extension Office, and the Dyersburg Mall Office. Forms also available for download at the W.A.T website. You win by taking home a healthy habit.

Dyersburg Parks and Recreation Department Current and Upcoming Events

The 2009 Spring girl's softball sign-ups: Register now through March 16. girl's Ages 5-18.
\$5 I.D. fee \$10 athletic fee.

Women's History Month

A Quote For All

Nothing could be worse than the fear that one had given up too soon,
and left one unexpended effort that might have saved the world.

Jane Addams

CITY EMPLOYEES EDUCATING THE PUBLIC

Water Treatment Plants

Danny Ennis and Tiffany Parker traveled to Ms. Carols Day Care on February 24th, 2009 and talked to the children about where their water comes from, how their water is treated, and how to save water. We had a lot of fun!

Dyersburg Fire Dept.

Mark Sykes and Sparky traveled to Newbern Headstart on February 24th, 2009 to talk to the children about Fire Safety. The children were shown the difference between a toy and a tool when it comes to lighters. They also got to ask all kinds of questions about the Fire Dept and the duties they perform. They were also told never to be afraid of a Fire Fighter; that they were there to help during an emergency.

Recycle/Reduce/Reuse!

Approximately 70 senior citizens from The First Baptist Church X,Y,Z Club attended a Recycle, Reduce, Reuse presentation on February 19th, given by Penny Damesworth. The slide show presentation included photographs of the enormous amount of garbage at the landfill at the end of a day's collection. Issues discussed were: ways to get involved, how to use recyclables for fund raisers, ideas for re-using products for different purposes, how to reduce usage, buying recycled products and why recycling is vital to the community and the environment. Statistics were presented on the number of tons of recycled materials that have been diverted from the landfill since the recycle initiative began last April.

Concern for this crucial environmental issue was evident by the number of questions asked by X,Y,Z members after the presentation.

FAMILY MEDICAL LEAVE

There are a lot of questions and confusion regarding the Family Medical Leave Act (FMLA), and with the newest legislation effective January 16, 2009 things may be even more confusing, but the following is a basic summary of things you need to know.

The Family Medical Leave Act requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to “eligible” employees for certain family and medical reasons. Employees are eligible if they have worked for their employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

Reasons for taking FMLA leave include:

- To care for the employee’s child after birth, or placement for adoption or foster care.
- To care for the employee’s spouse, son or daughter, or parent who has a serious health condition.
- For a serious health condition that makes the employee unable to perform the employee’s job.

The new regulations effective January 16, 2009, define a “serious health condition” as an illness which requires continuing treatment. Continuing treatment requirement can be satisfied with either **(1)** one visit to a health care provider and a regimen of continuing treatment, such as prescription medication, or **(2)** two visits to the health care provider. In either case, the first (or only) visit must be within 7 days of the first date of incapacity and must be in person. If the employee has two visits, the second visit must be within 30 days of the first day of incapacity and the health care provider must determine that the second visit is medically necessary.

Family Medical Leave can be taken all at one time (12 weeks) or for chronic conditions where occasional/intermittent leave is needed. If leave is to be taken intermittently for a “chronic health condition”, in order to qualify, employees will have to certify that they visited a health care provider at least twice a year for the condition, and the health care provider must determine that the two visits are medically necessary.

These new regulations effective January 16, 2009 also allow an employee to take up to 26 weeks of unpaid leave in a 12 month period to care for a family member who is a “covered service member” with a serious injury or illness who is either:

- (1)** Undergoing medical treatment, recuperation, or therapy,
- (2)** Otherwise in outpatient status, or
- (3)** Otherwise on the temporary disabled retired list.

It does not include former or retired members.

A serious illness or injury under this provision is an illness or injury that occurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties. To be eligible for this leave, the employee must be the spouse, son, daughter, parent, or next of kin for the covered service member.

Another important thing to remember is that Family Medical Leave runs concurrently with sick leave/worker compensation leave. Remember that FMLA is **unpaid** leave which protects your job.

There are many stipulations regarding Family Medical Leave, but the main thing employees need to remember is that if you have an illness which requires you to be absent more than three (3) work days, you need to call or come by the Human Resources Department to inquire/apply for FMLA.

TOP 5 STRESS RELIEVERS FOR BUSY PEOPLE

If you find yourself wanting to manage stress in your life, but you feel you just don't have time to learn a new technique or take on a time-consuming regular activity, you're in luck. These are stress relievers for busy people like you: they're easy, quick, or fit into your schedule with little fuss. If you don't have a lot of time to devote to change, these will give you a good return for little effort.

1. [Take Your Vitamins](#)

Taking your vitamins in the morning really can help you feel less stressed throughout the day. In particular, you may want to take a Vitamin B complex, Calcium and Magnesium, and Vitamin C. You should always talk to your doctor before beginning any new vitamin regimen to be sure you take a mix that is safe for you and your particular situation, but vitamins are a quick and beneficial way to relieve stress if taken appropriately.

2. [Listen To Music During Your Regular Activities](#)

Music has proven health and stress relief benefits, and can be easily used in daily life to relieve stress. Busy people can turn on music during their morning routine, commute to and from work, during dinner, or at other times to relieve stress as they go about their daily activities. It takes virtually no extra time, and provides real benefits. (Learn how to use [music in daily life for stress relief](#).)

3. [Practice Breathing Exercises](#)

Breathing exercises are a great way to relieve stress anytime and anywhere. They're simple to learn, simple to use, and can be done on the spot when you feel tension, immediately helping you to feel better. One very effective exercise is to 'inhale peace' and 'exhale your stress'. For more effective techniques, read this article on [breathing exercises](#).

4. [Learn To Say No](#)

How much less busy could your schedule be if you said no to all new commitments? It's sometimes hard to say no, however, especially if you're concerned about disappointing or offending people. Learning to diplomatically say no is quick and simple; this article on [how to say no](#) can help you get started, and with a little practice, you'll do it easily and without thinking.

5. [Develop a Positive Attitude](#)

Optimists and positive thinkers experience better health, less stress, and more 'luck' in life. While it takes a little practice to develop a more positive frame of mind, the practice takes little extra time and can really change your whole experience of life and how you live it. After some initial learning and a bit of practice the rewards are continual, which is a pretty good payoff. Not sure if you're an optimist or pessimist?

**FRIENDS OF MCIVER'S GRANT
PUBLIC LIBRARY**

An organizational meeting will be held on
2-28-09 -10:00 a.m. at the library,
204 N. Mill Av.

For more information call Sharon Simpson:
731-285-5032.

**By joining you can help us
make our library the best it can be!**

**Dyer County
Project Graduation**

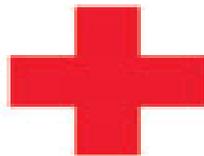

Dyer County Project Graduation 2009 is now selling tickets for the locally renowned Hee-Haw Comedy Shows to be held at the Bogota Community Center. Shows will be Thursday though Saturday nights, April 9-11; beginning at 7:00 p.m. each night. Tickets are \$5.00 each.

All proceeds benefit Dyer County Project Graduation class of 2009.

For more information contact:
Penny Rice, City Hall

MARCH IS RED CROSS MONTH

**American
Red Cross**

March is our big fund raising month and we are asking the community for your support in many of our efforts. Each year the Dyer County American Red Cross answers to the victims of disaster in our community. Since the costs are many, we ask the community to assist us this time of year with donations to recover expenses incurred while helping disaster victims with their immediate needs. With no money from the government we rely totally on the generosity of our community through donations of time and money.

We will hold Dine-a-Thons whereby community restaurants have pledged to donate a percentage of their sales on a particular date. Watch the newspaper for the names of these restaurants and the dates they have designated as their Red Cross Night.

Several area fast food restaurants and other businesses will have donation cards available to purchase for \$1.00. They will be displayed in their windows and on their walls. If you would like to help the Dyer County Red Cross by selling these cards at your business, please call Lynn Fritchey and she will get these cards to you.

There will also be a Cut-a-Thon at the Volunteer Beauty Academy, a Rock-a-Thon at various nursing homes and assisted living centers. We thank you in advance for supporting National Red Cross Month. Remember, donations made to Dyer Co. stay in Dyer Co.

We also invite you to the 2nd Annual Hometown Heroes Event April 4th at Dyersburg Square. Enjoy entertainment, children's activities, a silent auction, good food and a huge yard sale. Yard sale donations requested, no used clothing, please. Arrangements for furniture and large items can be made by contacting Lynn at 731-286-4740.

DSCC Classes offered— taught by Dyersburg Police Officers

Continuing Education Courses offered at DSCC will be taught by DPD Officers Kenneth Jowers and Chandra Davis.

Officer Jowers will be teaching a class on Women's Basic Self-Defense which will include basic self-defense, preventative measures and physical techniques all women should know. Classes will be held March 31, April 2, 7, and 9 from 5-6 p.m. The cost is \$39.

Officer Davis will be holding a session in Animal Cruelty Investigations. This course will train citizens to recognize and report abused and neglected animals. The cost is \$60 and will be held March 21 from 9 a.m. to 5 p.m.

For more information and to register for classes call Teresa Evans (731)286-3267 in the Continuing Education office at Dyersburg State Community College.

SkyWarn Class-March 10

If you've ever wanted to be a certified "Storm Spotter" now is your chance! Storm Spotters relay information to their local emergency services centers and National Weather service in the event of severe weather.

The Dyer Co Rescue Squad will be hosting a SkyWarn class on March 10. This program, designed to expand communication between the National Weather Service and the community will be held at the Rescue Squad building at 718 Sharpsferry Rd at 6:30 p.m. Each person completing the course will be certified as a Storm Spotter.

For more information contact any Rescue Squad member or call 731-285-1293.

2009 Weather Road Tour-March 12

Dave Brown and The Action News 5 Weather Team will be broadcasting the weather LIVE from Dyersburg State Community College Student Center on Monday, March 12th at 5, 6 and 6:30 pm.

This is a great opportunity for plenty of fun "meet and greet" opportunities and a video presentation designed to educate viewers and their families on severe weather tools and safety. Get your weather questions answered, meet Dave and get an autograph. Bring the kids to see inside the WMC-TV weather chopper which will land on the DSCC campus!

Teachers: Don't miss this opportunity as an after school field trip and a means to enhance your students education! Local cheer squads, show your school spirit by gathering, in uniform, with your squad leader at 4:30 pm to practice briefly and cheer Dave on! Scout leaders, bring your troops, earn a badge! Senior Citizen Clubs, youth groups, businesses and other organizations are invited to come and learn how to keep yourself, your families and employees safer during emergency weather situations.

It takes an enormous amount of teamwork and planning across all departments at the WMC departments in the station to put this road show together. Let's make a big showing!

Violent weather months are upon us; DO NOT MISS THIS, make plans to attend.

Get Ready for the 26th Annual Great American Clean Up

April 25th (rain date May 2nd) has been set aside for the 2009 Great American Clean Up for the Dyersburg/Dyer County. Registration will take place at Okeena Park on Lake Rd. as has been done in the past. Ersley McLemore, Dyer County 2009 Coordinator, has reached out to Newbern and Trimble representatives, Steve Dodds and Raymond Ballard respectively, in an effort to broaden citizen awareness and county participation this year. By getting involved in this immensely successful one day community wide event we can make it bigger and better than ever. In addition, activities to beautify and remove trash from our neighborhoods, reduce, reuse or recycle and litter prevention projects performed between the dates of March 1 and May 31 by individuals and groups can be counted toward our overall efforts and should be reported to McLemore or Penny Damesworth, Street Dept. to be included on the wrap up report which is turned into the Keep TN Beautiful organization in Memphis.

Various maps of Dyersburg, Newbern and Trimble will be posted at Dyersburg's City Hall for those individuals, groups, businesses and organizations that would like to choose the area they would like to focus on April 25th. In preparation, have your group or organization focus their attention on areas in particular need of clean up. Those areas can be targeted by your organization to eliminate these eyesores.

A variety of City and County departments will be on hand on April 25th to assist in public education and safety awareness as well as the pick up and storage of trash and debris collected that day. Those departments include the City of Dyersburg's Street, Sanitation, Police, and Fire, Dyer Co. Sheriff, Highway, Fire and Emergency Management teams.

For the past two years, Tennessee has been the only state to have 100% county wide participation. Kudos go out to the First United Methodist Church of Dyersburg for their exceptional endeavors in 2008. In February they were presented with the Tennessee Department of Transportation and Keep TN Beautiful's 2009 Excellence in Community Leadership award for its ongoing Mission Blitz program and continuing efforts to impact our community. With 380 Mission Blitz volunteers last year, FUMC met the challenge of picking up trash in the Dyersburg area with great enthusiasm cleaning up streets, vacant lots, school yards and more for an unsurpassed one day effort to improve the world around us. In addition, 30 other projects, over a period of time, to impact the community in practical ways were undertaken including planting flowers, painting downtown buildings, assisting the elderly and underprivileged in residential improvement projects from cleaning closets to washing windows.

Many other individuals and organizations participated in last year's efforts including the New Bethel Baptist Church, Ross United Methodist Church, West Dyersburg Church of Christ, DHS Key Club, Delta Sigma Theta, Inc. Alumni, City of Dyersburg, Dyer Co., and Burks Broadcasting employees, NAACP members, TN Rollerz Motorcycle Club members, Dyer Co. Master Gardeners, Pioneer Homeowners Assoc., P. A. P.I members, Boy Scout and Brownie Scout troops, Shauf Realty, City and County officials and so many others. We are grateful for the spirit of volunteerism in our community. Together we can accomplish so much. We need and ask for your participation this year.

You are invited to be a part of this year's winning teams for Keep TN Beautiful's Great American Clean Up. Form a team, choose an area, street, road or waterway to improve. For more information contact Ersley McLemore at 731-286-0047 or 731-445-2303 or Penny Damesworth at 731-288-7639.
