Storm Water Management Department
SWPPP Exemption Form/ NOI

Name of the construction project		
Street Address(or description of location)		
Permittee: Legal name and mailing address, including zip code, and telephone number		
Site Operator/inspector, phone number and e-mail address* <u>as of July 1, 2007 all site operators must have Level I Erosion and Sediment Control Cert.</u>		
Is disturbance more than 1 acre?	YES	NO
Is construction site part of a larger common plan of development or sale, such as a single lot within a larger subdivision?	YES	NO
<p>Note: If you answered yes to the first questions, you may not be exempted and may be required to submit a SWPPP with your NOI. If you answered yes to the preceding questions, you must give a brief explanation of the measures you plan to implement to prevent polluted runoff from leaving the site mentioned and characteristics of site. (i.e. site has no harsh slopes, and we intend to install silt fence along the ditches and install gravel on the entrance to prevent vehicle tracking onto streets.)</p>		
<p>Narrative</p>		
<p>Permit Application Certification and Signature (must be signed by President, Vice President, Land Owner or equivalent)</p>		
<p>I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine for knowing violations.</p>		
Print or type name	Signature	Date

City of Dyersburg
Storm Water Management Department
SWPPP Exemption Form/ NOI

Purpose of this form. This form will allow operators of smaller construction sites (less than one acre) to design their storm water pollution prevention without using a licensed engineer's services. This form is not a request to exempt the site from installing and maintaining controls, it is only a request to waive the requirements of submitting a formal SWPPP. All storm water discharges, controls and inspections must comply with the City of Dyersburg Storm Water Ordinance.

Land Disturbance Permit. The City of Dyersburg Storm Water Management Department will process your NOI application and SWPPP Exempt Request Form and return to you either a Land Disturbance Permit or a denial of your application with an explanation of the denial.

Who must submit a SWPPP Exempt Request Form? The SWPPP Exempt Request Form must be signed by the "operator(s)" of the construction site. Operators will most likely include the developer of the site and the primary contractors. "Operator" means any party associated with the construction project that meets either of the following two criteria: (1) the party has operational control over project specifications (including the ability to make modifications in specifications); or (2) the party has day-to-day operational control of those activities at a project site which are necessary to ensure compliance with the Land Disturbance Permit (e.g., they are authorized to direct workers at the site to carry out activities identified in the SWPPP Exempt Request Form or comply with other permit conditions).

Description of site. Describe the site in detail giving location, topographic information, land disturbance schedule and any other information that would pertain to storm water runoff. The more information you provide, the easier it will be for officials to evaluate the site and justify exemption of SWPPP submittal requirements.

Describe the measures that will be implemented to prevent erosion and sediment from leaving the site. In order to receive exempt status for your site, you must specify what controls you will use to prevent polluted runoff from leaving your site. Exemption will largely depend on the information you provide about the controls you intend to use.

Submitting the form and obtaining more information. Note that this form must be signed by the company president, vice president or land owner. For more information contact the City of Dyersburg Storm Water Management Department at: (731) 288-7612, or e-mail gtwilla@dyersburgtn.gov . Submit the completed SWPPP Exempt Request Form with your NOI to:
