

RHWTP Bacteriological Analysis Guidelines

**Lab Hours: 7am—2 pm
Mon—Thurs Only (Closed on Holidays)**

Prices:

Private Well Sample—\$50 per sample

Public Water Systems—\$13 per coliform sample

- You must pick up a sample kit from us if you are testing a Private Well, if you are a Public Water System, State Lab bottles are fine.
- Public Water Systems please let the lab know if the samples are compliance samples so that the CN0800 form can be filled out and sent to the State.
- Paper work must be completely filled out, or sample will be discarded.
- Customers are required to collect their own samples. Samples from a Public Water System must be requested by that system.
