

ACKNOWLEDGEMENTS

This manual was prepared by the Tennessee Water Resources Research Center (TNWRRC) with technical and financial assistance from the Tennessee Department of Agriculture, Nonpoint Source Pollution Program (TDA/NPS EPA Section 319-h), and the Tennessee Department of Environment and Conservation, Division of Water Pollution Control (TDEC-WPC). Many sources were consulted during the development of this manual. Various resources are cited, and specific references are cited for the reader. Any omission of a reference in this manual is unintentional. Permission has been granted to reproduce the information taken from other sources when possible. Any errors or suggestions should be brought to the attention of the Tennessee Water Resources Research Center through <http://eerc.ra.utk.edu/divisions/wrrc/>

The authors are especially grateful to the City of Knoxville Storm Water Management Office and the Nashville Storm Water Quality Management Program for the use of content, layout, and other material used from their stormwater BMP manuals.

The Center acknowledges other agencies and people for information and assistance used in compiling this manual. Individual contributors include Dr. James Smoot, Jake Chandler, Kelie Hayden, Tom Mihlbachler, and Chad Wagner. Agencies such as the Chattanooga Storm Water Management Office and the Memphis Storm Water Management office provided assistance to the Center. Personnel from several other local and state agencies and organizations provided material and much assistance with critical review and editing of drafts of the manual, including: John Chlarson, Sid Hensley and Frances Adams-O'Brien of the UT Municipal Technical Advisory Service (MTAS); David Connor of the UT Center for Technical Assistance (CTAS); Robert Haley of TDEC/WPC; John McClurkan, Don Green, and Greg Upham of TDA/NPS; Doug Fritz, City of Chattanooga; David Hagerman, City of Knoxville; Tom Lawrence, City of Memphis; and Robert Karesh, Williamson County.

The authors are grateful to following agencies for source information used in the manual:

- Center for Watershed Protection
- Virginia Department of Conservation and Recreation
- California Storm Water Quality Task Force
- Atlanta Regional Commission (Georgia)
- Prince Georges County, Maryland
- Maryland Department of the Environment
- New York State Department of Environmental Conservation
- U. S. Environmental Protection Agency (including Region 4, Atlanta)
